In-Room Dining delivers meals and refreshments to guest rooms and serviced apartments. Orders arrive by phone, through the guest app or from the TV menu.

2. Taking and delivering orders

2.1 Operating hours

Room-service orders may only be accepted during the operating hours listed for the property in Annex A; orders outside these hours must be referred to the Duty Manager.

2.2 Order taking

The order taker repeats the order back to the guest, asks about allergies and quotes an estimated delivery time.

2.3 Delivery times

Standard delivery time is 30 minutes for breakfast and 35 minutes for all-day dining.

2.4 Guest verification

Before delivery, the associate must confirm the guest's name against the room number in the PMS and must not announce the room number aloud in public areas.

3. Collection

3.1 Tray pick-up

Guests place used trays outside the room or call the order line for collection.

3.2 Corridor collection

Trays and trolleys placed in corridors must be collected within 60 minutes of the guest placing them outside the room.
